

June 23-25, 2026
Washington, D.C

About the Event:

Associations Innovate is the premier event focused exclusively on AI technology adoption and innovation for the association sector. As a sponsor, you play a critical role in shaping thought leadership and hands-on engagement at this industry-defining gathering. Connect with future-focused association CEOs, CIOs, and leaders in technology, operations, finance, and membership from top trade and professional associations.

This is your opportunity for high-value engagement and prominent brand visibility across event signage, marketing materials, and our website, with select programming and hosting privileges. Feature your tools in "The Lab," our hands-on tech showcase, and lead interactive thought leadership through case studies and workshops.
